What is a serviced workspace?

A serviced workspace is a lock up unit supplied to an enterprise fully fitted out and ready to use available on a short or long term letting basis with flexible lease terms.

Flexibility is the key to effective property solutions. One of the biggest costs an enterprise has is for their property needs with key fees solicitors fees rental agreements etc, an flexible managed office allows you to change your space requirements as the requirement of your enterprise changes either smaller or larger.

Easy Business Centres offers a range of workspace units from 350 sq ft to 1700sq ft with additional storage space if required.

With easy monthly billing and no hidden costs you are always totally in control. You only pay for what you use therefore you can control your overheads accurately and with only one invoice per month reduces your administration issues.
